I appreciate the time you took yesterday getting me up to speed as to your . business and where you are in the process of establishing risk operations. I . hope you found our meeting useful as the checklist is meant to serve as an . overview of points that need to be addressed before any transactions are . entered into.. I was wondering if a meeting with Carole Milind Heidi and myself has yet . been scheduled for Friday. At that time I think we need to lay out a road . map of how the checklist items will be addressed and how I can best help you.. . Regards. . Shona
